Subject: Review of Response to ACC meeting on IRIS formaldehyde assessment

Hi Carl and Dan,

We've drafted a response to the American Chemistry Council's follow-up letter to the January 24th meeting on the IRIS assessment of formaldehyde (I understand both of you were in attendance). We wanted to run it by you both in case there was any heartburn with the response. If you could let me know if you have any comments/concerns/edits, I'd appreciate it! Thanks in advance!

-Lou
